TESTIMONIAL

We had the pleasure of collaborating with Le Long Weekend on a trip to Puglia in March 2018. Nadine was professional at all times. She was a pleasure to work with and we were thrilled with the speed and quality of the coverage that the company received following her stay. Her writing is a delight to read. She also took the time to collate and share the impact of her social media and blog coverage with us. We would love to work with Nadine again in the future.
